Anderson's Feed there was Robert Cormier's I Am the Cheese a subversive classic that broke new ground for YA literature A boy's search for his father becomes a desperate journey to unlock a secret past But the past must not be remembered if the boy is to survive As he searches for the truth that hovers at the edge of his mind the boy and readers arrive at a shattering conclusion An absorbing even brilliant job The book is assembled in mosaic fashion a tiny chip here a chip there Everything is related to something else everything builds and builds to a fearsome climax Cormier has the knack of making horror out of the ordinary as the masters of suspense know how to do The New York Times Book Review A horrifying tale of government corruption espionage and counter espionage told by an innocent young victim The buildup of suspense is terrific School Library Journal starred review An ALA Notable Children's Book A School Library Journal Best Book of the Year A Horn Book Fanfare A Library of Congress Children's Book of the Year A Colorado Blue Spruce Young Adult Book Award Nominee The Fellowship for Alien Detection Kevin Emerson, 2013-02-26 From the acclaimed author of Last Day on Mars comes a road trip sci-fi adventure set within the Dark Star universe about two kids from opposite sides of the country who discover an intergalactic invasion hidden right beneath our feet Haley and Dodger don't have much in common Haley lives in Greenhaven Connecticut Dodger lives in Port Salmon Washington Haley has a family who loves and supports her Dodger can't seem to ever get his dad's approval Haley is well adjusted and passionate Dodger hears strange voices in his head On paper the two could not be further from each other on the middle school spectrum But they both want something Haley's looking for a new map a new adventure her own path And Dodger too is looking for a place where he belongs the kind of place that he might for the first time be able to call home Of course this was all before they heard about the town of Juliette Arizona the missing people the untraceable radio signals the unexplained phenomena Before they both became the first recipients of a summer research grant from a certain mysterious foundation

Before they discovered that their fledgling theories about extraterrestrial life were one hundred percent accurate Now Haley and Dodger are the only ones who can figure out what is happening in towns across America who can give voice to the people whispering alien abduction They re the only ones who might be able to stop what s happening And they might just find what they re searching for a path away from home or a path toward it off the edges of their maps At the very least they re both going to have the most eventful summer vacation of anyone they know **Stories of My Life** Katherine
