foundation Before they discovered that their fledgling theories about extraterrestrial life were one hundred percent accurate Now Haley and Dodger are the only ones who can figure out what is happening in towns across America who can give voice to the people whispering alien abduction They re the only ones who might be able to stop what s happening And they might just find what they re searching for a path away from home or a path toward it off the edges of their maps At the very least they re both going to have the most eventful summer vacation of anyone they know
